

USA Special Services Can Keep You From Becoming a Statistic and Help You Hire with Confidence!

53% of all job applications contain inaccurate information.

34% of all application forms contain outright lies about experience, education, and ability to perform essential functions on the job.

Up to 5% of American workplaces experience a workplace violence episode annually.

Of those establishments reporting an incident of workplace violence in the previous 12 months, 21% reported that the incident affected the fear level of their employees and employee morale.

More than 75% of substance abusers are employed.

Drug abusers cost twice as much in medical and worker comp claims as drug-free workers.

30% of all business failures are caused by employee theft.

The FBI calls employee theft the fastest growing crime in America.

Negligent hiring cases have had verdicts of up to \$40 million.

The U.S. Department of Labor estimates that the average cost of a bad hiring decision can equal 30% of the first year's potential earnings.
